Dear Exhibitor,

The Kansas Association for the Education of Young Children, Inc. (KAEYC, Inc.) is a non-profit organization supporting the work of early childhood educators and those who work with families with young children. Its membership includes professionals from a variety of settings: family child care, early childhood preschool, infant-toddler, after-school, kindergarten and primary grades, special education, health, psychology, teacher education, administration, and students in early childhood education. Seven hundred and fifty participants are anticipated to attend.

Every year the association holds a conference for the purpose of enhancing professional development for those working with young children and their families. This year, our annual conference will be held in Manhattan, at Kansas State University on Saturday, October 11th, 8 am- 4 pm.

Conference participants consistently enjoy the ability to obtain information and purchase materials at exhibitor booths. We invite your participation in this event. Even if you are unable to attend the conference as an exhibitor you can express your support for early childhood education through the donation of resources, such as products or services for door prizes.

All contributors will be recognized in the Conference Program Book if you respond by June 6th. If you are interested in participating, please fill out the attached form. If you have any questions, please contact me by phone or email. Thank you for your time and consideration. We look forward to hearing from you in the near future.

Sincerely,

Cassie Brown
